

## BACKGROUND

The Directorate General Factory Advice Service and Labour Institutes (DGFASLI), Mumbai is an attached office of the Ministry of Labour and Employment, Government of India to serve as a technical arm to assist the Ministry in formulating National Policies on Occupational Safety & Health and to advise the State Governments and Factories on matters concerning Safety, Health, Efficiency and well being of persons at work. It also enforces safety and health statutes in major Ports of the country.

Regional Labour Institute is one of the Subordinate offices of DGFASLI, Government of India, Ministry of Labour and Employment with the objective of providing technical advice to State Governments and to the Industries in the southern region.

## OBJECTIVES

In the present day competitive world, Industries would like to have more profit and higher productivity with good quality at low cost not only for their survival but also for their growth. Occupational safety and health of the working community should be ensured to protect them from accidents and diseases that may be contacted during their employment. Accidents may be due to machinery hazards, unsafe handling of materials, ill-maintained machineries, trips, falls, fall from heights, welding, electrical works etc. To protect the workforce/operating personnel from accidents and diseases, every Industry needs to establish an effective Occupational Safety and Health Management System.

In view of the foregoing, the Regional Labour Institute, Chennai has come up with a 2 days training programme on **Accident Prevention in Engineering Industries** on **28.05.2018 and 29.05.2018**.

## TOPIC HIGHLIGHTS

- Accidents causation & Prevention
- Techniques for identification of Hazards
- Accident reporting and documentation
- Accident Investigation Techniques
- Best practices in Occupational Safety & Health at workplace
- Chemical and Major Accidents
- Accident Case studies

## FACULTY
